Definition of Mission

The special duty or function for which someone is sent as a messenger or representative; and the special task or purpose for which a person is apparently destined in life; a calling.

Truth

My personal mission statement focuses on the special purpose I want to achieve in my life and the special approach I will take to achieve it. It is the consequence of my mission being achieved. It is a description of how the world will be after I've traveled through it.

Statement

I believe my unique mission is:

Question: The fundamental life vision question is:

If we were meeting back here on _____, and you were looking back on the preceding _____, what has to have happened during those years for you to feel really good about yourself, your life, and the fulfillment of your personal vision?
